Introduction

Since 1958, high school juniors and seniors in Miami-Dade County Public Schools have interned with professionals to offer their skill sets, positive attitude, and eagerness to learn. In turn, internship providers share their time and talents to provide student interns meaningful, career-related experiences.

The Academic Year Internship Program (AYIP) is designed to give students real world work experiences, helping them discover first-hand what it takes to be successful in that particular career field. During the internship, student interns should take on the roles and responsibilities of a valued member of the company or organization. It is important that the interns understand their attendance, punctuality, dress, and work ethic should reflect well upon themselves, as well as their parents, teachers, schools, and peers.

The Office of Family and Community Engagement (FACE) would like to thank you for all the work you do for your students in allowing them to have the opportunity to acquire new skill sets and knowledge before entering post-secondary education and ultimately the workforce.

This toolkit is meant to assist you through the program, including the new timeline, and protocols. Enclosed you will find sample forms that you may consider using as you oversee your school's internship program.

Roles & Responsibilities

Role of the FACE Office

The responsibility of the Office of Family and Community Engagement (FACE), as it relates to this program, is to recruit providers across our community to host M-DCPS interns for the academic year. We also execute cooperative agreements with each provider; including those students who match themselves. Per board policies, the following internships are prohibited:

- Home-based businesses
- Overnight work hours
- Business related to alcohol, tobacco, weapons, massage, or tattoos
- Reporting directly to an immediate family member

FACE serves as the liaison between internship providers and school sites. This includes when issues arise, such as non-attendance, internship transfer, and/or failure of provider to adhere to program guidelines.

Three weeks before the end of each grading period, FACE sends providers quarterly grade evaluations with instructions to email them directly to the school's coordinator.

Role of the School Internship Coordinator

The internship coordinator is selected by a school administrator to oversee the school's internship program and serve as the Teacher of Record. The assigned internship coordinator recruits interns who meet the eligibility criteria for the program, in accordance with the program's requirements listed on page 9 of this toolkit.

Your role as an Internship Coordinator includes:

- Facilitating the preparation of students with work skills throughout the year
- Disseminating information concerning internship rules, procedures and policies
- Managing enrollment and grades
- Reviewing the Student Internship Handbook with the interns

- Reviewing and approving student accounts for each student intern in <https://aymiami.getmyinterns.org/Account/Login>
- Collecting, verifying and retaining all required documents including student/parent agreements. Proof of insurance will need to be collected at the beginning of the school year before students report. If documents are not received by the coordinator, students will not be eligible to participate in the program.
- Meeting with students before approving hires in <https://aymiami.getmyinterns.org>
- Notifying students of their status before the close of school year.
- Deactivating non-participating students from aymiami.getmyinterns.org.
- Ensuring the internship course is placed in each student's schedule for the upcoming school year with the required course codes. (Please see required course codes information on page 7).

Oversight of Student Interns

You should collect and review student log sheets quarterly. You may choose to review log sheets more frequently. Internship providers return grade evaluations directly to you. It is your responsibility as the Internship Coordinator (Teacher of Record) to enter each student's grade based on the evaluation.

Once interns are placed in an internship, there should not be any changes of provider unless under exceptional circumstances. You should also communicate to the Office of Family and Community Engagement any issues, concerns, and/or special circumstances that arise.

Ensure students complete all necessary surveys administered by the Office of Family and Community Engagement.

Program Outline

Student Eligibility

Students must meet all the eligibility criteria below to be enrolled to the Academic Year Internship Program.

- Registered on <https://aymiami.getmyinterns.org/Account/Register>
- Updated resume
- Enrolled as a full-time Junior or Senior
- Unweighted GPA of 2.5 or better at time of application
- Excellent school attendance
- Parent/Guardian Internship Cooperative agreement in Appendix of this toolkit for participation
- Liability Waiver for Hybrid or in-person internships
- Student accident insurance

Student Honors Credit

To receive full honors credit for the Academic Year Internship, students must complete all required hours at their internship site:

- Five (5) hours a week, Forty-five (45) hours per quarter

A monetary stipend may be provided to the student by the provider, but the Office of Family and Community Engagement must be made aware if that is the intent, to ensure all necessary forms are completed.

Should the internship provider decide to hire a student for any hours above the five or ten internship credit hours, this would be deemed employment and is outside the scope of the internship program. Time spent at the internship site may not be counted as volunteer or community service hours, unless special arrangements are made to acquire those hours after the internship requirement is fulfilled.

Student Attendance

Before the student begins the internship, the student and provider must work together to establish a convenient time schedule for both parties. **The coordinator must also approve the established schedule.** All are asked to be flexible. As situations change, schedules may need to be adjusted. The proposed schedule must indicate the days of the week and the hours that the student will be at the internship site. Students generally complete their hours during the regular school week during daylight hours.

Students must work the entire length of the internship **(36 weeks for 180 hours.)** Students are not required to report ~~on~~ their scheduled internship day if it falls on a teacher planning day or holiday ~~or~~ are they required to make up those hours. Please refer to the Miami-Dade County Public Schools' master calendar in the Appendix. In the event of an extended illness or excused absence, the student and the internship provider may make alternative arrangements. Students must notify the coordinator of any changes in their schedules.

Miami-Dade County Public School has a Code of Student Conduct (COSC) aligned with local, state, and federal mandates with an emphasis on promoting a safe learning environment to ensure academic success. The Code of Student Conduct sets the standards of conduct expected of students in a purposeful safe learning environment in which the principles of care, courtesy, civility, fairness, acceptance of diversity, and respect for the rights of others is valued.

Please refer to Board Policy 3210, [Standards of Ethical Conduct](#)

Additionally, all employees are representatives of the District and shall conduct themselves, both in their employment and in the community, in a manner that will reflect credit upon themselves and the school system.
