

e-Tips for Families

Checking In Each Day

Checking in with your child at the beginning and end of each day helps them to process instructions they received from their teachers, as well as organize themselves and set priorities.

Questions in the morning

1. What are you looking forward to today?
2. What do you dread doing today? How can we make it better?
3. Do you have everything you need for school today?

Questions in the evening:

1. How far did you get in your homework assignments today?
2. What did you learn? What was hard?
3. What do you need for tomorrow?
